

- There are about 130 Int. students from over 34 countries. There are some just for a semester and others for whole masters program
- ISU Board Spring 2006, Elected on the 13<sup>th</sup> of Feb. 06

Members:

- Agata Janiszewska (ØKS) , Poland
- Alyson Birkeness (LU) , USA
- Anke Bohmann (ØKS) , Germany
- Cintia Castello Henares (LU) , Spain
- Myriam Hummel (LU) , Germany

Agata has already served on the board last year, the rest of us are new. We have not elected a President and Vice, but we share responsibilities.

- Events up until now:
  - 2 parties
  - Bowling
  - 2 movie nights
  - games at int. café
  - speaking at the student's parliament about integration on int. students, outcomes: generally more awareness, visited us at the int. café, extend the Meet and Greet program, welcome party from next semester on....
  - National Assembly

Planned events:

- more parties
- cabin trip
- big goodbye party
- No fixed budget, have to apply for each case at the Student's Parliament. We will recommend to get back to the budget-system, because it is less administrative work and gives us more freedom.
- Good cooperating with SP (especially from our visit at the assembly on), very good cooperation with int. student's assistant (helps us a lot)
- Mistakes we have learned from:
  - Informing students about activities with longer notice
  - Better communication (more meetings) within the board
  - Responsibilities better structured
- New election in September: we will all be gone, organised by the int. student's assistant (Hallvard Lavoll-Nylenna [Hallvard.Lavoll-Nylenna@hio.no])
- No handing over material existing yet, we will work on one
