## Activities Report and Budget for the year 2004

This report provides a summary of the activities of the ISU-Bergen branch for the spring semester of the year 2004. The financial report is included as well.

A) *Sports Day*: We had a successful sports day on April 22, 2004. The sports day has now become a semester event. We had several teams in various disciplines. Trophies and certificates were given to winners. Refreshments were provided by the ISU.

b) *Cultural Night*: This has also become a regular semester event and students always look forward to it. It involves dances, fashion shows, food, musical presentations and a disco at club Fantoft. The last one we had took place on May 1, 2004.

c) *Parties*: A number of parties are held organized by ISU. For example last semester we had an Easter party and a post Easter party held at Club Fantoft.

d) *International Day*: We participated in the planning, organization and made presentations for the International Cultural day in Bergen in conjunction with utdanning I Bergen for March 23 and 24, 2004.

e) *Board meetings*: we had weekly board meetings and end of semester parties to bid farewell to board members. Board members were offered certificates and medals/trophies for their work done.

f) *Newsletter*: We produced and circulated two issues of Newsletters in March and August 2004. This may continue as well.

g) *ISU logo*: We are also proud to note that ISU Bergen won the national ISU logo competition.

h) *welcoming of new students*: We were actively involved in the planning and welcoming of new students to the University of Bergen. We also held a welcoming party on Saturday, September 4, 2004.

## International Student Union Bergen Branch

---

Bergen 21.09.2004

*i) ISU Office* : We have an office equipped with a working computer and telephone at Parkveien I. We also applied for space at Fantoft and there is need to follow this one up as well.

*k) Relationship with other agencies*: we have established a good working relationship with the utdanning I Bergen, the NSU, SIB and the University Rectors office. For example NSU gave us 20,000NOK last semester and 2740NOK this semester so far. SIB has expressed interest to work with us more closely. The University has requested us to provide a proposal for their funding and have inter alia agreed to run our website and provide regular money.

*i) Student activism*: We have made significant protests including sending the names of international students to Politi by the University, protesting against terrorist activities, delays of Quota loans, accommodation issues and other related issues.
