ISU General Info and Objective

The International Students' Union of Norway (ISU) is an independent, democratic, non-profit, non-partisan organization run for and by international students. ISU is committed to the social, academic and political interests of all international students studying in Norway. ISU's national administration is located in Oslo, with a National President, two Vice Presidents and an Organizational Secretary. ISU member organizations are located at 12 institutions of higher education around Norway. ISU's basic funding is from the Norwegian Government with an annual amount of NOK 270.000,00. ISU is in partnership with NSU, StL and SAIH.

Overview of Report Period

During the past 6 months, ISU had one major event: it's second National Assembly (NAii08) during April. While between the ends of spring and summer most of the students were finishing up their semesters and or going on vacation. The new academic year has started for most and so are the ISU General Assemblies in each of the 12 branches.

Previous and Current Activities

During April 2008, all three organizations had their major yearly meetings. ISU National President attended the exciting NSU Landsting while ISU Vice President attended the as exciting as Landsstyremøte of StL.

A week later ISU held its second National Assembly (NAii08) during the academic year 2007-2008 in Trondheim successfully. The NA included interesting lecturers and session (refer to attached Minutes), in addition to be hosted by one of Norway's beautiful towns and committed academic institutions (NTNU & HIST). For more info about the event please refer to the following link: http://www.isu-norway.no/NAI2008/NAI_2008.php

In July 2008, the Norwegian Ministry of Education and Research ([Kunnskapsdepartementet](#)) approved on our budget and granted ISU the fully requested sum of

NOK 270.000,00. This is indeed a fantastic notion that proves the seriousness of ISU and the ministry for the welfare of international students in Norway.

Concerning our lobbying for better financial situation for Quota Scheme Students in Norway, the government and Lånekassen have not come up with any solutions during spring and summer 2008. More efforts on this issue have been planned during the coming months.
